Thomas Feeney, Principal

To the Seniors:

June, 1959

The senior year is a wonderful year in your life. There is no other year quite like it. For four years you have been acquiring skills and knowledge for your future. The future is here. The college, the job, the family are right before you. A whole host of organizations and activities in the school have depended upon you. You have given them your support, your leadership and your sense of responsibility. The future needs these traits. Those senior days so filled with homework, tests, college boards, trips, proms, job interviews, and athletics are all behind you now. You've survived them all. You are the graduates.

It has been a pleasure to work with you during these years. May your future be happy and successful.

Thomas Feeney

Dedication

To you, Mr. Ross Federico, our class advisor for the past three years, we, the graduating class of 1959, dedicate our Log, MOMENTS TO REMEMBER.

With your enthusiasm and untiring effort, you have helped our class through the problems that have faced us throughout our high school life.

For this dedicated and faithful service, we are truly grateful.

GLEE CLUB

The Glee Club, of course, emerging musically from turbulent moments of session-changing and conflicts. For who could shake the strong voices of B.H.S., the nearly eternal patience of Mr. Jones?

CADET BAND

Cadet Band is the enthusiastic "little toot" of music in B.H.S.; here begin instrumental proficiency and true "band" spirit.

LANGUAGE

Preparation for that encounter -- no English, please! Besides, languages have a definitely broadening effect upon the spirit -- and, it has been shown, upon the concept of English.

GUIDANCE

Schedule arrangements, general and specific grievances, and "this business of college." As our high school careers progress, we become progressively more appreciative of and dependent upon the guidance department.

COMMERCE

Capability and efficiency, ends of the commercial program, will be invaluable to these students -- the operative forces and recorders of "modern American" life.

SOCIAL STUDIES

There are things to be learned about people, collectively; actions and reactions of the past -- basic subjects of the Social Studies course -- have future-wise implications.

MATHEMATICS

A never-never land of forever-forever importance -- mathematics. Here is discovered the intense practicality of abstract rules; view, please, what can be done with them.

ENGLISH

The "ineluctable modality" of behavior -- a representation of public speaking to the senior English class, by Gus Vaccaro.

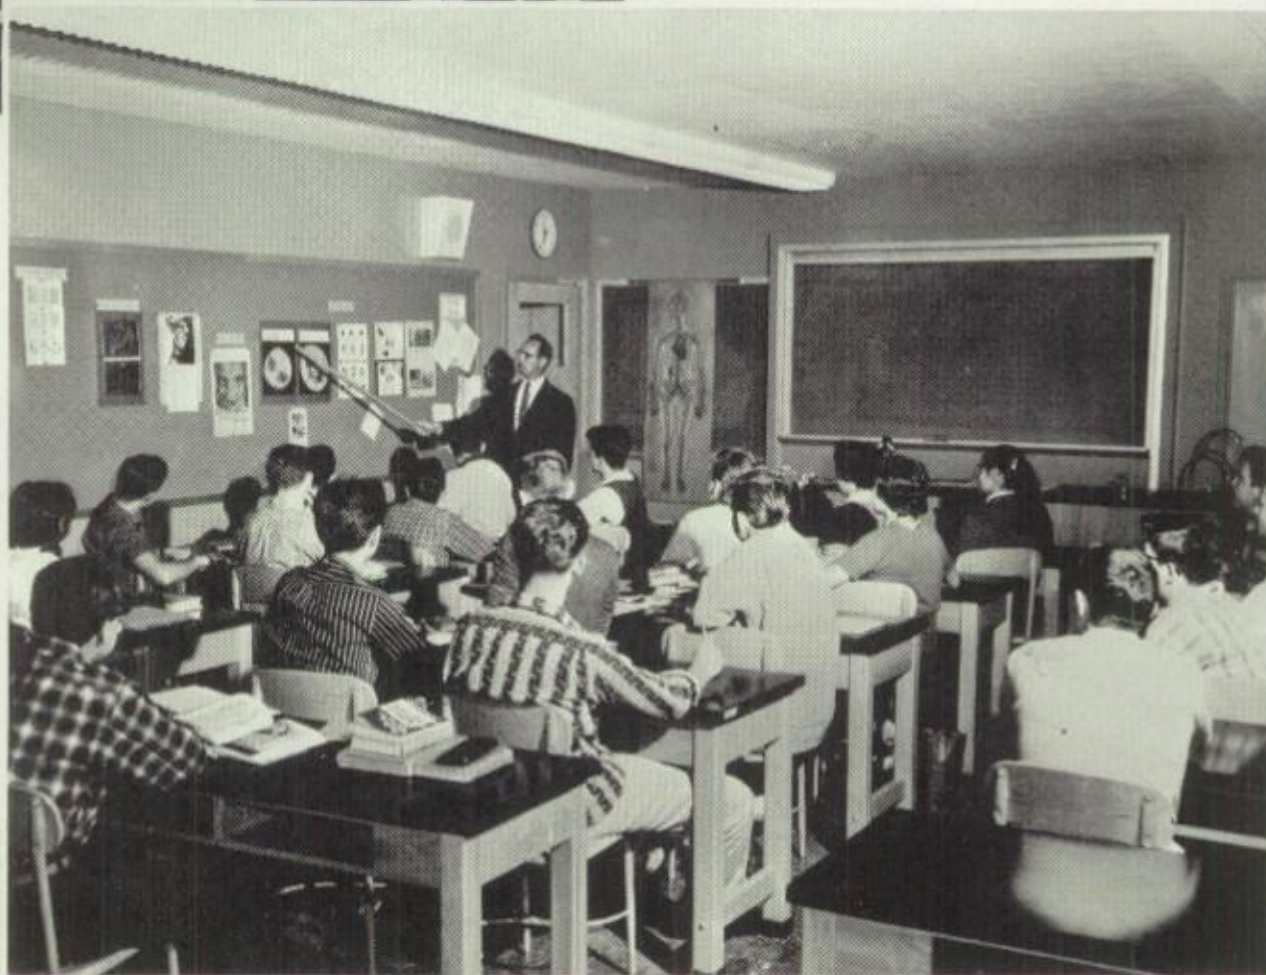

EARTH SCIENCE

The Earth Science course is naturally informative and includes such interesting features as field trips and operative volcanoes. Future careers in science-geology, and archaeology.

BIOLOGY

Biology is looked forward to with squeals (by those who consider dissection distasteful) and taken, for the most part, with fascination.

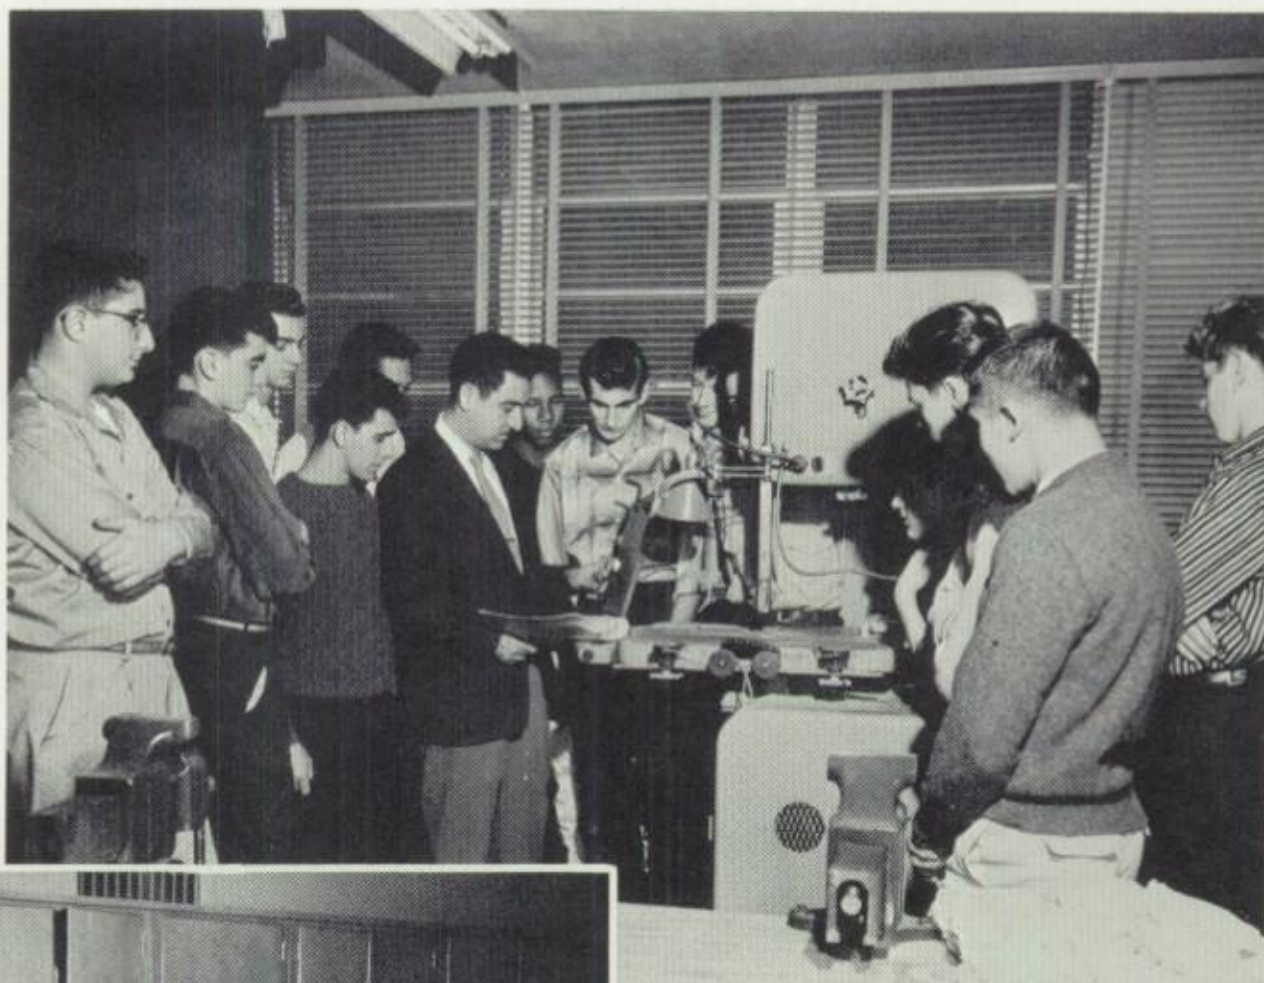

CHEMISTRY

Vivid remembrance of that first encounter (valence table in Greek), But a beautiful coherence eventually appears, and ingenuity.

INDUSTRIAL ARTS

The ability to build objects and to make them "work." An important junction of man is embodied in Industrial Arts.

HOME ECONOMICS

Would we be happy if clothed in seamless and shapeless style, if nourished by burnt corn-and-water biscuits? Would we even be human?

ART

Free expression of self, in visual form? We investigate art, whatever it may be; first for recognition and understanding, then for creation.

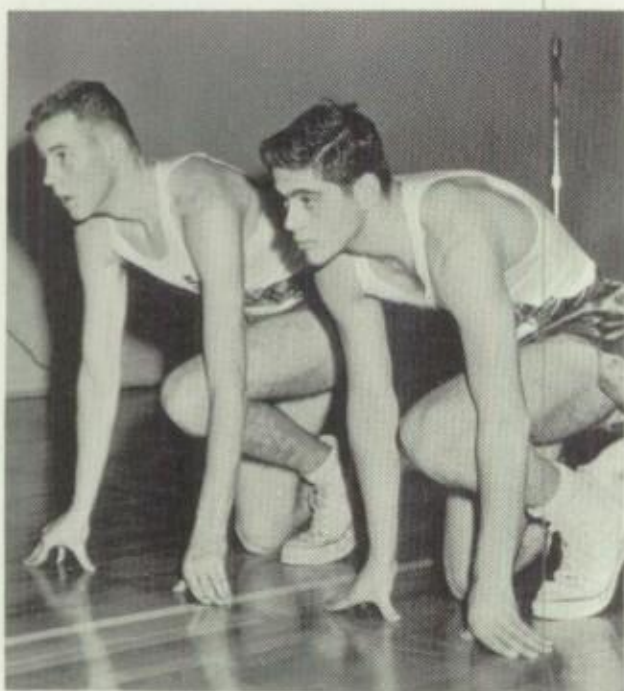

Varsity ROW 1: T. Kogler, R. Edwards, B. Klein, R. Cutter. ROW 2: A. Becker, P. Small, A. Wilm, J. Coleman, B. Currul, T. Fonti, Mr. McCardle.

The boys this year turned in a good job for Coach McCardle and B.H.S. They had an undefeated season including victories in both the League B-1 and the County "B" meets. The added success of the strong J.V. squad promises that Bellport will continue to dominate the cross-country scene in the years to come.

Track

With a large percentage of last year's team returning, each with another year of experience under his belt, and a host of promising newcomers, Mr. McCardle has set his sights high for this year's squad. We are confident that they will turn in a good job.

Baseball

This year's team shows every indication that it will measure up to Bellport's customary level of superiority in Suffolk County baseball. Mr. Robinson, back at the helm of the Clipper squad, has no doubts that this year's team will be as good as any of the fine teams which Bellport has turned out in the past.

Freshman Basketball

With a new coach, Mr. Roberge, this year's frosh squad had a fine year and displayed many outstanding prospects for the Clipper squads in the next few years.

Wrestling

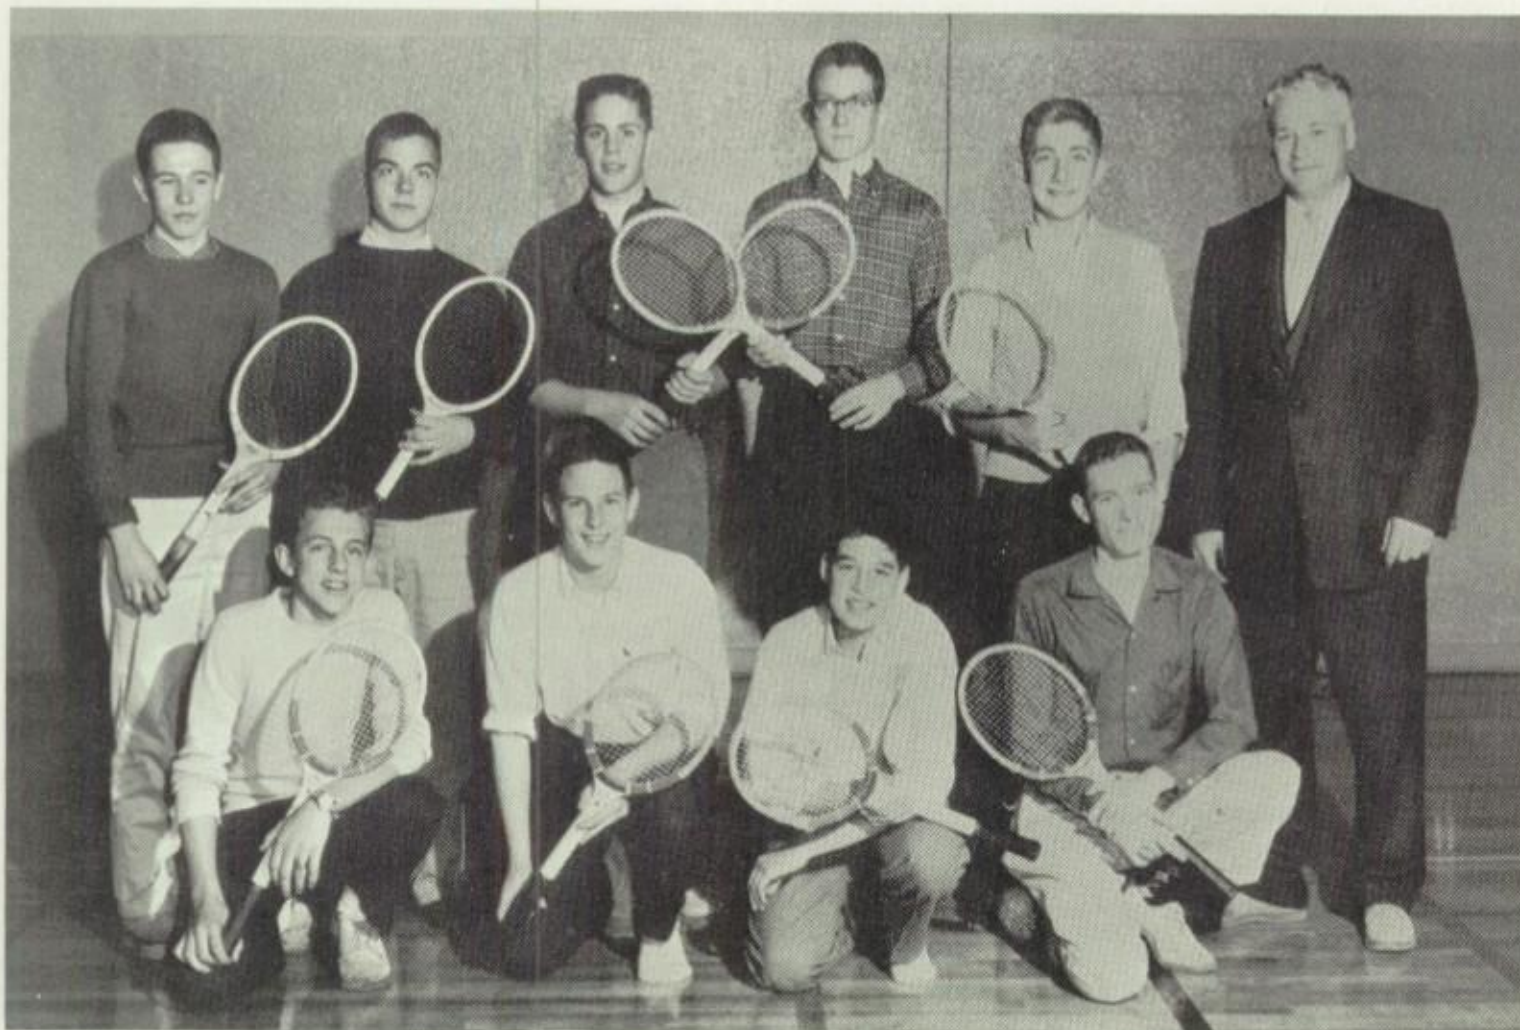

Despite a discouraging turnout, this year's wrestling team, led by Frank Rignola and Gay Vignato, have had a surprisingly good year. Mr. Mahoney was happy to find a permanent spot for his mats this year so that the boys didn't have to spend half the afternoon setting them up.

Soccer

Under Coach Cox, the soccer team had a good season with a 3 win, 3 loss, 1 tie record, placing 3rd in the league competition. Next year, on single session, we hope the soccer team will better this year's fine record.

Tennis

ROW 1--K. Roeser, R. Love, L. Rosenblatt, J. Daiman. ROW 2: D. Coon, R. O'Rourke, W. Marshall, B. Klein, A. Hotchkin, Mr. Hanscom.

Tennis

Although it was weakened by the loss of nearly half of last year's varsity players, the tennis team, under Mr. Hanscom, hopes to excel even last year's good record. The success of last year's second team indicates that this is a very likely possibility.

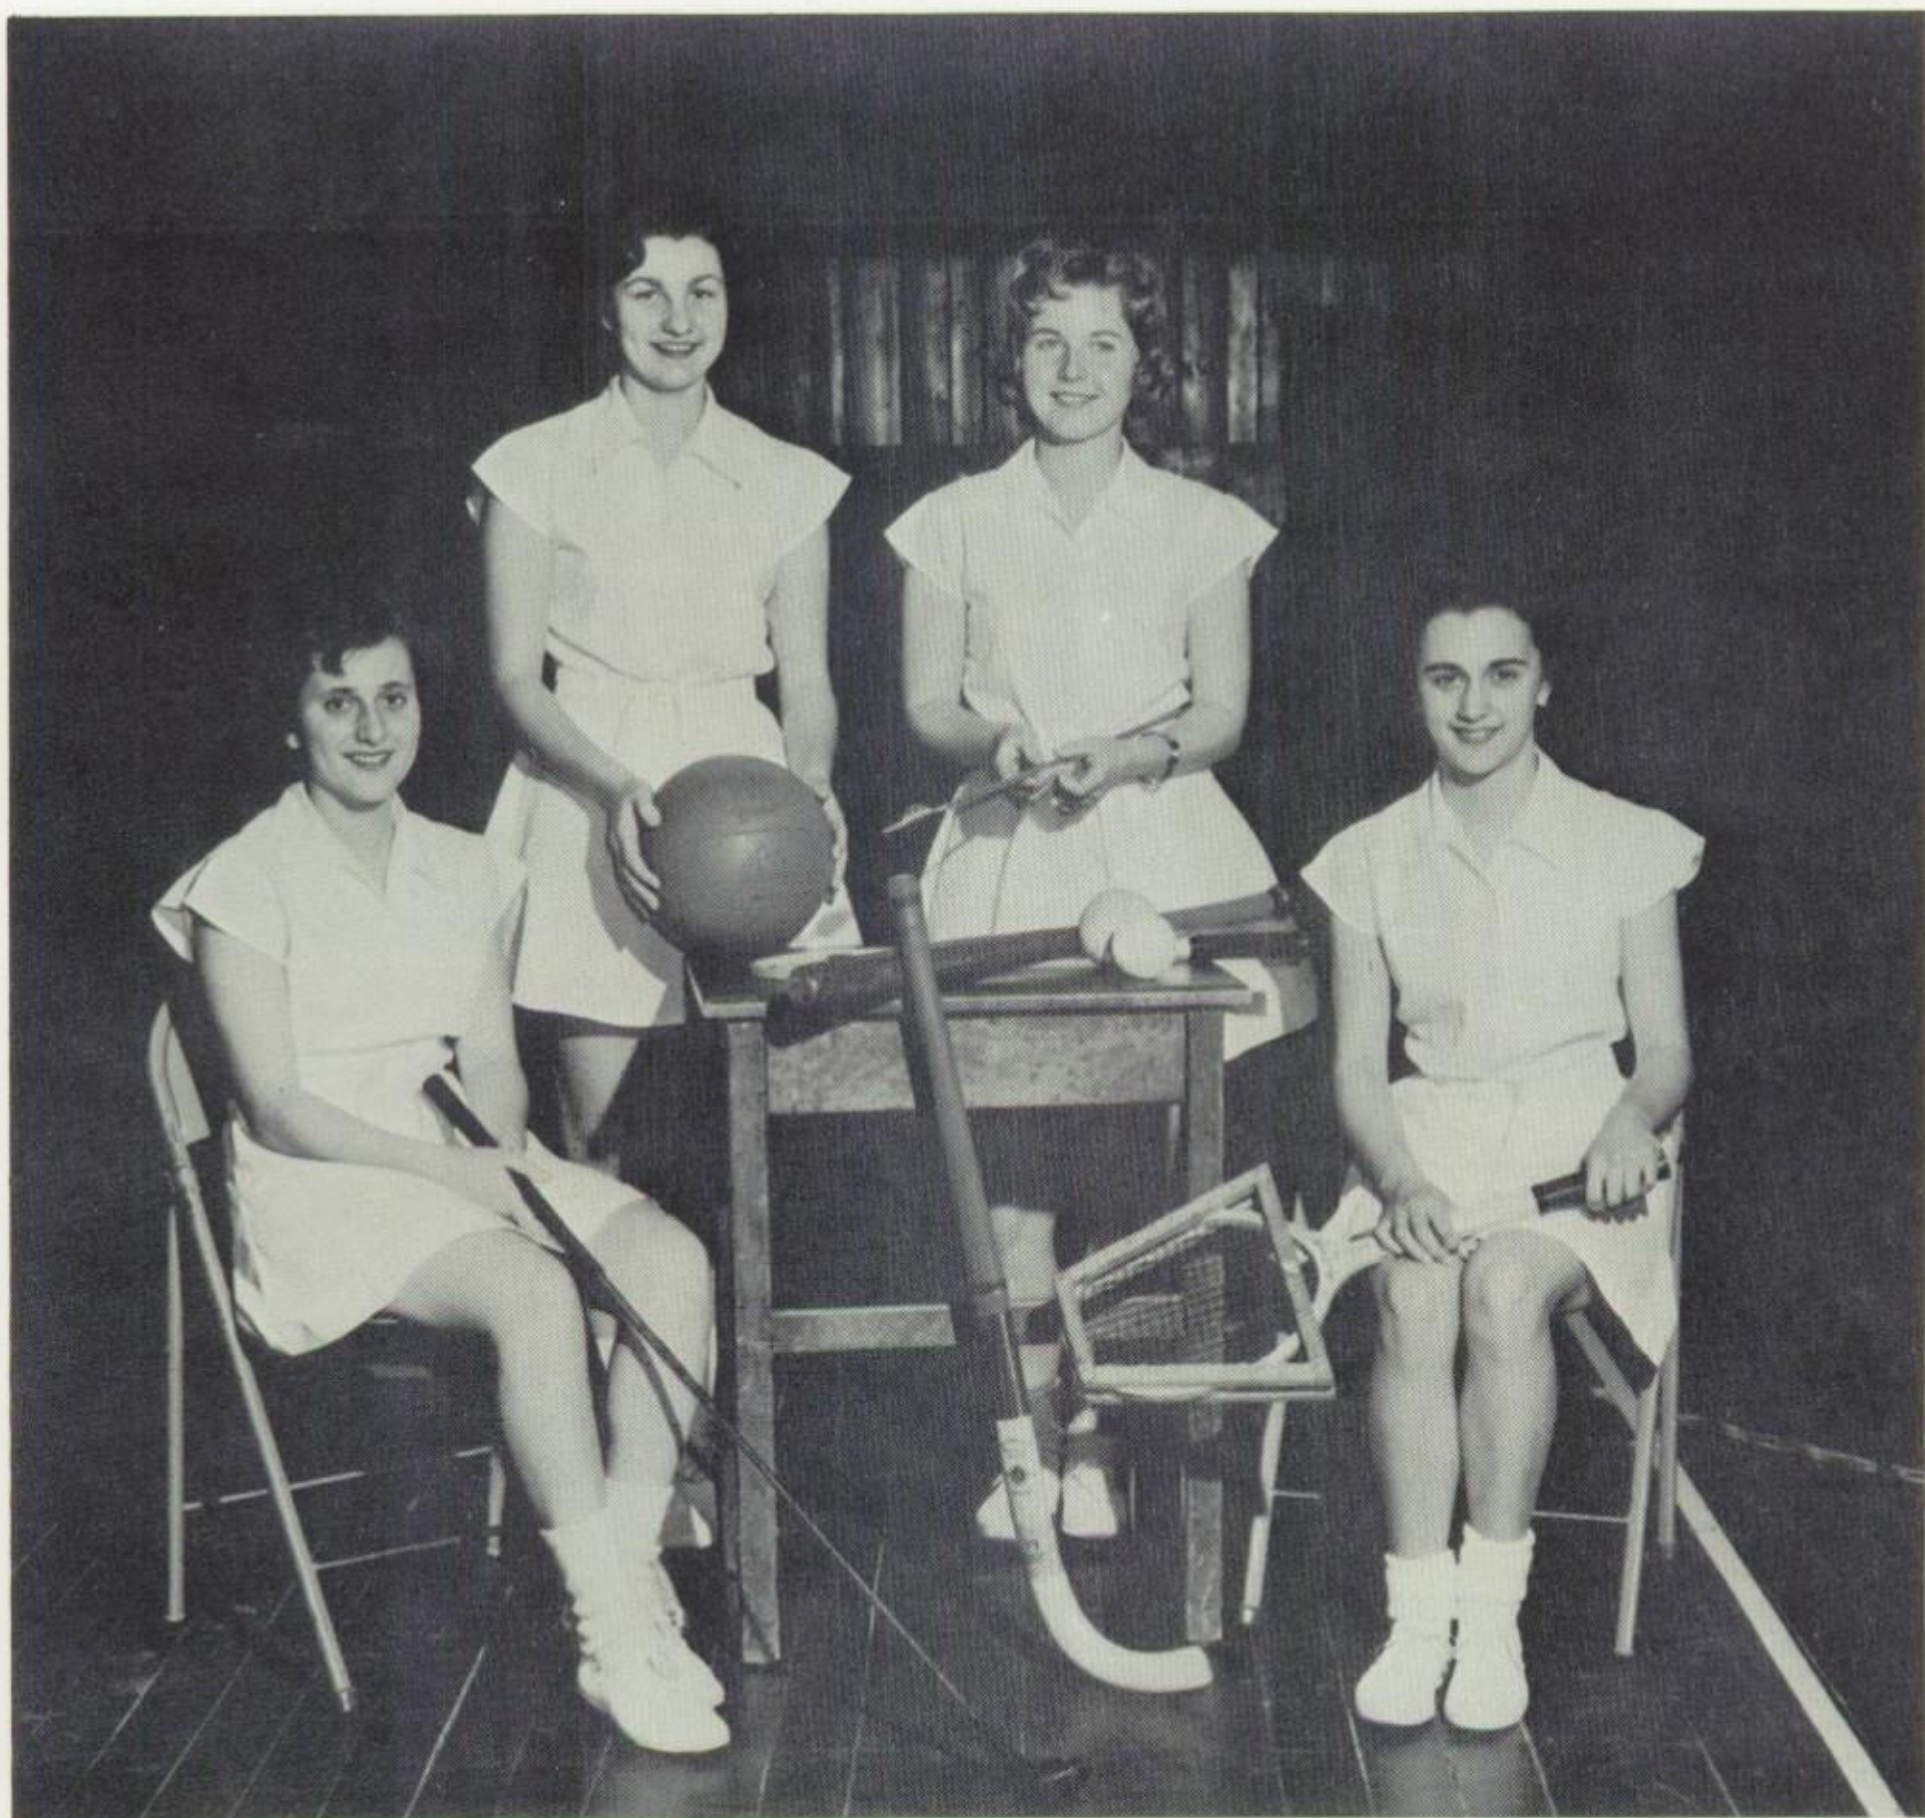

Golf

A good crop of newcomers promises a good season for Bellport's linksters. Mr. McKiernan hopes that this year's squad can improve the good record set by last year's team.

G. A. L. Officers

The Girl's Athletic League is an organization in which one works for awards through a series of points. These points, ranging from 25 to 600, are earned through participation in the intramural program.

Out of the Fall intramural program comes Hockey and Volleyball. This year the outcome of these two sports was overwhelming. The Honor teams which represented the school in these sports did a magnificent job in proving their skills.

From the Winter intramural program comes Basketball and Bowling. This year's intramural Basketball produced both a Junior Varsity and an Honor Team. Both teams did a fine job in using the difficult techniques of Basketball in the games they played with other schools. As for Bowling it is a relatively new intramural sport, but it is becoming more popular each year.

As the year progresses, the intramural program brings badminton, baseball and finally concludes with tennis.
